

2010 Vision

regency-vision.com

ReGenerate your Sales!

For the past 2 years we have revolutionized the gas fireplace industry with our Contemporary Gas Collection. Now, we are evolving our cornerstone wood stove line so that it creates a new generation wood fireplace collection, designed to appeal to customers looking to renovate, replace older wood stoves and modernize their homes. It also provides the perfect opportunity to fill in one of the millions of inefficient open fireplaces, with a look that appeals to both traditional and contemporary customers.

The New Regency Alterra™ Contemporary Wood Series

The new Regency Alterra Series is a wood stove redefined. A sleek, clean design surrounds the same reliable, efficient work horse firebox you have come to count on from Regency. Enjoy an overnight burn, a robust fire AND designer furniture styling at the same time.

The Contemporary Gas Collection Continues...

We have also continued to add to our popular Contemporary Gas Collection with the Horizon Outdoor Fireplace, the clean edge HZ30, the cornerstone DV gas fireplace; the Bellavista B41XT and the new gas insert adjustable modern faceplate designed to add gallery looks to your Regency insert line.

Visit our booth to see our exciting 2010 line and to hear about all the ways we are driving the customer to your showroom to buy Regency.

Regency Alterra™ CI1200 & CI1250 wood inserts

First there was fire, next there was Regency... and now there is the Alterra Contemporary wood insert. Combining the unparalleled tradition of high quality, industry leading firebox engineering with a sleek, flat cast iron door and surround; the Regency Alterra is the next chapter in wood fireplace design. The Regency Alterra is a chameleon in designer power; equally at home in ultra modern settings as it is updating traditional homes.

Standard Features

- Metallic black cast iron faceplate & door
- EPA Certified
- Single rod draft control
- Airwash system
- Brick-lined firebox
- 2-speed blower (CI1250 only)

* Length of burn time and BTU range depend on type of wood, moisture content, climate conditions and installation.

The Regency Alterra Wood Insert has been designed to provide home heating solutions for a wide range of homes and fireplaces. Choose the compact CI1200 for prefab fireplace installs and enjoy radiant heat or add the powerful heating circulating blower and add convective heat distribution of the CI1250. Oversized custom faceplates allow you to update larger fireplace openings and transform them into stylish heaters for large living spaces.

Regency Alterra™ CS1200 wood stove

We've come a long way baby! The new Regency Alterra wood stove is a beautifully balanced piece of furniture that happens to hold an extraordinary wood fire. Clean, crisp lines of the cast iron, finely finished steel blend warmly into upscale designer rooms or family focused traditional ones. Subtle colors added to the side panel provide the finishing touch to your wood fire furniture masterpiece.

Standard Features

- Metallic black cast iron door and front
- EPA Certified
- Mobile home and alcove approved
- Closest clearances in the industry
- Single rod draft control
- Brick-lined firebox
- Airwash system

More Regency® upgrades

The SUREFIRE™ Ignition System

Now you can present the most popular Regency gas products with your choice of electronic or manual ignition systems that ensure warmth even during power outages.

ELECTRONIC IGNITION: With a simple flick of a switch, the new electronic ignition allows users to turn on the pilot light and fireplace only when needed. Your customers will save money and maximize home heating efficiency by having the pilot lit only when needed.

MANUAL IGNITION: Ideal for colder climates, the continuous pilot helps prime and heat venting, allowing for reliable, safe operation and quick start-ups

Available on these models: P33E, P33SE, P36E, HZ54E, U32E, U32SE, HZO42, HZ30E, HZ54E

New inner panels

Castlestone inner panels
B41XT
